

Free Wi Fi access in your lodge

Using your device simply connect to internet (make sure wifi is enabled)

You will be taken to a login page where you can log in via facebook, Twitter or register.

If you have a problem we will try to help you if we can. However with the variety of devices on the market we cannot guarantee to be able to connect everyone. The Wifi is a free service provided for you and Technical Support for this service is only available during Reception Hours 8.30am to 5pm – Mon to Sat

Please Note:

Due to our distance from the exchange, our WIFI is slow & will not run videos or stream TV etc.
